Structure, Governance and Management

Governing Document

The charity is a company limited by guarantee governed by its Memorandum and Articles of Association dated 13th January, 2000 as amended on 24th August 2000. It is registered as a charity with the Charity Commission.

Appointment of Trustees

The directors of the company are also charity trustees for the purposes of charity law and under the company's articles of association and are known as the board of directors. Under the requirements of the memorandum and articles of association; trustees are eligible as the board of directors, to appoint additional trustees. The board of directors appoint non-executive directors to work with the board in specialist operational support roles. The non-executive directors are invited to attend all board meetings. The number of members of the board shall be not less than three and not more than nine.

Trustee Induction and Training

New trustees are required to undergo training to brief them on their legal obligations on the charity and company laws; the content of the memorandum and articles of association; the committee and decision-making process; the business plan and recent financial performance of the charity. Trustees are encouraged to attend appropriate external training events to facilitate the undertaking of their role.

Organisation

The directors and non-executive directors run the school together as a board of governors. The governors are responsible for the formation of the policies and practices of the school. The governors then delegate responsibility for day-to-day management of the school in accordance with the set policies and practices to the head teacher with full support of the senior leadership team.

Related Parties

The school has relationships with other educational organisations in the UK, including the Christian Schools' Trust (CST) which provides resources and expertise in terms of developing and delivering a Christian curriculum.

Risk Management

During the year, we reviewed all the risk related policies of the charity: Risk Assessment, Accidents, Health and Safety, Fire, Safeguarding, Staff Training and Induction and Legionella.

Objective and Activities

The object of the Company is to promote an education based on Christian principles for children aged four to sixteen. Its main aim is to support Christian families in the nurturing of their children. We consciously keep our school fees as low as possible so that the school is accessible to everyone.

The school seeks to promote a vision and understanding of Christian Education both in the UK and abroad so that as pupils move on to higher education and adult life, they will have an appreciation of how to apply their faith, being equipped to serve as global citizens. This requires the provision of teaching programmes that contain a clear Christian distinctive that combine to produce a curriculum that embodies a Christ-centred, biblical worldview.

Some of the policies the school has to achieve its aims include:

- Promotion of the values of a Christian home.
- Promotion of a culture of mutual respect, support and collaboration between staff, parents and children for the benefit and success of pupils and the whole community, this is reflected in the Parent and Educational Team Agreement, which is actively communicated during the admissions process.
- The application of the principles of the Kingdom of God throughout the teaching and learning process.
- A system of nurture and direction of the children that includes Christian love and discipline.
- Training of staff and parents to engage with children in the outworking of God's purposes.
- Setting up of financial structures that will enable the school to achieve its goals with the resources available.
- Communication of the aims and purposes of the school to the Christian community.

Achievements and Performance during the year

Leadership

The board of directors is an agile team of four, who additionally serve as members of the board of governors - this integrated and flexible leadership team works directly with the head teacher in providing leadership in specific roles of: finance, infrastructure, communication, education, curriculum, parent collaboration, communication, safeguarding, and staff welfare.

Ofsted Inspection

We were last inspected by Ofsted in May 2019, at which time the school's overall effectiveness was judged to be good, and personal development, behaviour and welfare was judged outstanding. On 8th June 2019 the school joined the Independent Schools Association (ISA), and future inspections will now be conducted by the Independent Schools Inspectorate (ISI). Our next inspection will be a Regulatory Compliance Inspection (RCI), which is scheduled to take place during the second quarter of 2022. The next Educational Quality Inspection and Focused Compliance Inspection (EQI) will then take place three years after the RCI, in 2025.

Continuous Professional Development (CPD)

Members of staff are supported in their continuous professional development by means of a performance management system. The governors review the performance and development of the head teacher annually, measured against agreed objectives, which reflect the whole school development plan. The head teacher ensures that his objectives together with individual personal objectives are cascaded to his leadership team, who further take responsibility for the performance management of the wider staff body, curriculum development and pupil progress.

Infrastructure

The directors began to consider the long-term maintenance challenges of the school buildings in 2011. Following a full assessment of options including a full re-build, it was concluded in 2016 that the existing buildings should be refurbished. During 2017 a programme of work was drawn up, which was commenced in August 2017, with the front elevation windows being replaced. In August 2018 the roof was refurbished and insulated. The pandemic has postponed most of the further renovations; although updating of the electrical circuits has commenced, and the plan is to continue with the remainder of the refurbishment programme once funding can be accessed. This will include: the rear elevation windows, the heating system, and completion of the electrical circuits.

Professional Development: Year ending 31st August 2020.

Staff training from a Christian perspective was delivered throughout INSET Days (10 this year). A proportion of this time was spent on looking at the school ethos and curriculum development. Additionally, some INSET time was spent on SEND, Safeguarding, Health and Safety, RSE, Teaching and Learning, Performance Management and Pupil Progress. Due to the pandemic a number of INSET days took place online or in small socially distanced groups. A significant amount of time was given over to the planning and implementation of the pandemic restrictions required.

2020 GCSE Results

Attainment 8

Our Attainment 8 score (based on the best eight GCSE grades) remained stable at 69.7. Our Attainment 8 score in 2019 was 69.8 - our highest ever - and a score that saw us ranked highest in Liverpool's non-selective schools (2nd overall), 8.6 points above the next school. For comparison our Attainment 8 score in 2018 was 59.3, when we were ranked third of the Liverpool non-selectives (4th overall). We are therefore delighted our high level of achievement is being maintained, although we are not surprised given the strong work ethic of this year's cohort.

Percentage with English and Maths at Standard/Strong Pass Level

82% of our students achieved strong passes (5 or above) in English and Maths compared with 100% last year, but comparable with 83% in 2018, which had a similar ability spread to this year's cohort.

For the year ending 31st August 2020

All Core Subjects (% with Passes at Grade C or Grade 4 / 5)

In analysing our performance in the core subjects, we note that each year's cohort is numerically small compared to most other schools, meaning that one pupil can make a significant difference of up to seven percentage points. Also, cohorts can change significantly from year to year in terms of whether they are biased towards academic subjects or towards creative and practical subjects. This makes year on year comparisons less valid than in schools where students numbers are greater and the cohort profiles less variable. The figures marked with an asterisk are based on the percentage of students who studied the subject.

Percentage with EBacc

This year fewer students were entered for the EBacc suite of subjects (two sciences, a Modern Foreign Language (MFL) and a Humanities subject, in addition to English and Maths) - 76% as opposed to 88% and 83% in the two preceding years. This decision was mainly made to reduce the number of subjects for students who (for varying reasons) needed more time to focus on the key GCSEs required for progression, including the chance to pursue interests in the creative arts. Even so, our average EBacc point score was 6.9, comparable with last year's 6.8 and up from 5.93 in 2018. Once again, there were particularly strong performances in English, Maths and Science, with average scores of 6.9, 7.6 and 7.0 respectively. Last year's performance was the highest average point score in non-selective schools in Liverpool, so we are confident that with a similar outcome this year, our students are well set up for the next stage of their education.

Parents and Friends Collaborative (PFC)

During the academic year a number of PFC meetings were held. These meetings provided an opportunity to engage with the wider school community and communicate key development and planning activities. These included subjects such as refurbishment of the buildings, safeguarding, online safety, fundraising, volunteering, community engagement and curriculum development.

Pre-school, Parents in Partnership with School (PiPS)

The number of families involved in PiPS has increased and is now at least 20. PiPS is one of the key vehicles for new families to join our school community and move on into full-time education in Reception. The group normally meets twice a week and aims to:

- Offer parents and their pre-school children regular opportunities to play, fellowship, explore aspects of Christian parenting, supporting each other, and having age appropriate slots for teaching bible stories, singing and praying with their children.
- Introduce families to the distinctive vision of school. Many Reception pupils are introduced to the school through PiPS.

During the second half of the year PiPS was unable to meet due to the restrictions of the pandemic.

Gifts and Donations Received

A large number of sundry gifts and donations were received by the school during the financial year, totalling £69,549. This provided an opportunity to invest in building repairs, furniture, fixtures and fittings, and a significant amount of computer equipment in support of a greater reliance on digital learning during the pandemic.

Loans

In support of the renovations of the school buildings, there a number of families and businesses associated with the school that have made short-term loans to the school. The Trustees plan to restructure the school's financing once the renovations are complete.

Public Benefit

The directors and governors are continually considering the opportunity of making the school accessible to many, and also that some of the school's focus and activities are of benefit to others outside the school community.

- The school building and facilities are used by local communities for activities such as: Church conferences and community sports clubs.
- One local Church uses the school building for their Sunday services.
- Each year the school supports Operation Christmas Child (OCC) and the Shoe Box appeal including visits to the OCC warehouse. Regular clothing collections are made for Second Chance Charity Shop and the work of Asylum Link (ALM) is supported through collections and a food shop for Asylum seekers each December.
- The Equipped to Serve programme in Upper School is designed specifically to equip young people to become active citizens growing in and displaying Christian values. There are several projects such as:
 - The Romania Mission Trip where Upper School pupils fundraise for and make an annual trip to Romania specifically to support children in a Romani village and soup kitchen.
 - In Liverpool, Upper School classes are actively involved in the Reverse Advent Calendar campaign, supporting the Liverpool Cathedral Food Bank.
 - They make weekly visits to a care home for the elderly to engage socially with the residents and bring a sense of connection between the generations with the aim of impacting the wellbeing of the residents. This work has been highly commended by the Care Quality Commission who have included our partnership with the care home on their Advent Calendar as an example of good practice.
- There is normally an annual exchange programme with a school in the Netherlands also involves the sharing of teaching expertise and citizenship values between staff of both schools. This programme was cancelled to the restrictions on travel due to the pandemic. We are looking to re-establish the exchange as soon as government restrictions are lifted, and to apply for support of the programme through the Turing Scheme.

Financial Accessibility

- Fees are as low as possible, to enable access to a wide range of families.
- The staff in effect supplement the school's income by taking very low salaries. Some work voluntarily or offer voluntary days.
- An independent committee manages a hardship fund for families in financial crisis.
- The school administers a sponsorship scheme to help with fees in specific cases such as asylum seekers.
- A range of bursaries of up to 75% are offered to families with low incomes.
- The fee structure reflects reductions for siblings.
- One year of free education is offered for the first child of new families joining the school in Lower School. This policy is planned to be changed to a 50% reduction with effect from September 2020.

Financial Review

The results for the year are set out on page 13

Investment Powers and Policy

Under the memorandum and articles of association, the charity has the power to invest in any way the trustees deem appropriate. The directors have established a policy where surplus funds, which are not required for the day to day running of the school, are invested in a deposit account with the company's bankers.

Reserves Policy

The directors have established a reserves policy aiming to have free reserves to cover six months of expenditure. The actual reserves at 31st August 2020 were £885,528(2019-£818,166). However, the actual free reserves for the period were £181,683 (2019-£105,448).

Note: In calculating free reserves, the trustees have excluded from total funds £703,845 (2019-£712,718),

Grant Making Policy

The directors make grants to deserving causes in response to specific requests made to them.

Plans for Future Periods

The trustees are working with the governors and head teacher to establish the school to be thriving and sustainable for the next 30 years.

An updated full four year development plan was revised during the 2018/19 academic year. The plan will be fully reviewed and updated in 2020/21. The primary objectives of the plan are to grow the school to capacity, refurbish the school buildings, develop the curriculum, and continue to strengthen the devolved middle management team to ensure that the quality of teaching continues to improve.

During 2017 a programme of refurbishment work was drawn up, which was commenced in August 2017, with the front elevation windows being replaced, in August 2018 the roof was refurbished and insulated. The pandemic has postponed most of the further renovations; although updating of the electrical circuits has commenced, and the plan is to continue with the remainder of the refurbishment programme once funding can be accessed. This will include: the rear elevation windows, the heating system, and completion of the electrical circuits.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud, and other irregularities.

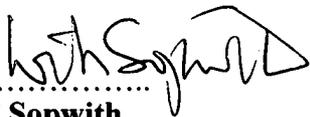

In accordance with Company Law, as the company's directors, we certify that:
